**Complementary questions:**

1) Which is the main theme of research implying these products?

2) Are other laboratories or services implied in research?

- The purchaser certifies on the honor the exactitude of the answers given to the questions without of going above against rule of confidentiality preestablished.
- The purchaser engages as of the reception of the product sent by company TOX at making everything to protect it from diverted uses (weapons...). This becomes the responsibility for the purchaser and not for the supplier.
- On this part TOX engages its responsibility in the respect for the confidentiality including the informations contained in this document.
